

Sanitary Assembly

This probe assembly is specifically designed for the food, dairy, beverage, pharmaceutical, biotech, chemical, toiletries and cosmetic industries. Fitting sizes range from 1/2" to 3". The assembly meets FDA requirements in and around washdown areas. The sensing temperature is based on the customer specified sensor requirements. Available in RTD's and thermocouple types. A white Polypropylene head is standard, however other options are available. Transmitters are also available if required.

Box 8: Sensor Type

Code	Description
K	T/C Type K
J	T/C Type J
T	T/C Type T
A	RTD, 100Ω, .00385 DIN (others available)

Box 9: Configuration

Code	Description
G	Single, Grounded
U	Single, Ungrounded
D	Dual, Grounded
N	Dual, Ung., Seperate
C	Dual, Ung., Common
W	RTD 2 wire, single
X	RTD 3 wire, single
Y	RTD 4 wire, single
V	RTD 4 wire, dual
Z	RTD 6 wire, dual

Available Accessories

Adapters
Clamps
Fittings
Gaskets
Reducers
Valves

Box 10,11,12: Probe Length {A}

Whole Inches - Box 10,11
 Code Description
 Whole Inches,
 (01 to 24)

Fractional Length - Box 12

Code	Description
A	.000 (no fraction)
B	.250 (1/4)
C	.500 (1/2)
D	.750 (3/4)
X	Special

Ex: An input of {08C} equals a probe length of 8 1/2 inches.

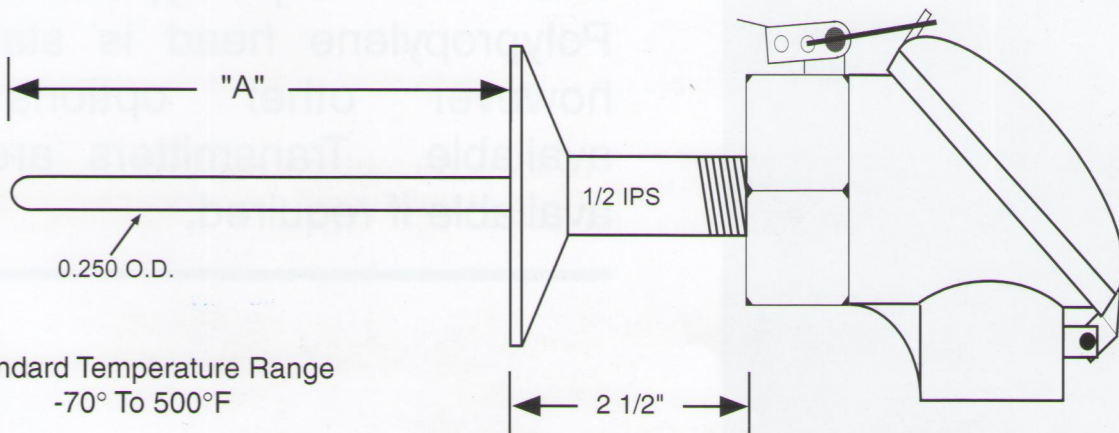

Box 15: Head Options:

Code	Description
A	HSCA, Screw Cover Alum.
F	HFCA, Cast Alum. Flip Top
H	HSCS, Stainless Screw Cover
N	NO HEAD
P	HSPB, PVC Black Screw Cover
R	HFPB, PVC Black Flip Top
T	*HSPW, PVC White Screw Cover
W	*HFPW, PVC White Flip Top (Standard)

*FDA Compliant

Box 13, 14: Triclover Size

Code	Material & Measurement
4A	SS304, 1/2" & 3/4"
4B	SS304, 1" & 1 1/2"
4C	SS304, 2"
4D	SS304, 2 1/2"
4E	SS304, 3"
6A	SS316, 1/2" & 3/4"
6B	SS316, 1" & 1 1/2"
6C	SS316, 2"
6D	SS316, 2 1/2"
6E	SS316, 3"
